

Oluseyi Mayotomiwa Immanuel

Frontend Engineer

EXPERIENCE

IT Manager – Mocubes

Lagos, Nigeria / February 2021 – Till Date

- As the resident front-end developer and IT manager, I am responsible for creating user-friendly web pages, maintaining and improving the website, optimizing applications, designing mobile-based features, collaborating with other developers, helping back-end developers, ensuring high-quality graphic standards and brand consistency, and staying up-to-date on emerging technologies.

Frontend Developer – Freelancer

Lagos, Nigeria / December 2018 – January 2021

- Designed and implemented a website interface for mobile, desktop, and tablets.
- Demonstrated expertise in HTML5, CSS3, object-oriented JavaScript, and large JavaScript applications.
- Coordinated usability testing and corrective action for bugs.
- Proficient in JavaScript frameworks such as React and React Native
- Built reusable code to utilise for other projects and to minimize costs.
- Used TypeScript, HTML, or JSX to structure web pages and provide smooth navigation of the internet.
- Researched new programming languages, frameworks, and technologies to stay abreast with the latest trends.

PERSONAL PROJECTS

Habitica

Mocubes / July 2022 – September 2022

The task management mobile app is designed to streamline productivity. It features a clean, intuitive interface where users can easily add, edit, and organize tasks. Tasks can be categorized by project, priority, or due date. The app includes a calendar integration for deadline tracking and a notification system for reminders. Users can also collaborate on tasks, making it perfect for team projects. Overall, the design is user-friendly, making task management efficient and stress-free

MoneyGarde

Personal / April 2023 – June 2023

MoneyGarde is an innovative mobile app designed to empower individuals and businesses to take control of their finances. With the transition from a web app to a mobile platform, MoneyGarde brings the power of budget allocation to users' smartphones, allowing them to manage their income, expenses, and savings on the go.

OrderEase

Personal / August 2023 – December 2023

OrderEase is an online ordering platform that simplifies the supply chain order management process. It provides a single login access for customers to order from suppliers, enhancing efficiency and eliminating manual work.
